To Whom It May Concern:

We were very pleased when Swelldweller offered their services; as this is the first year that our company has used internet advertising, partly because we thought we didn't need it and mainly because we assumed it would be complicated. As times have changed and business has become more competitive, we decided that we would add it to our marketing strategy. Paul's friendly and 'can do' approach helped simplify the whole process and as well as e-mail enquiries we've also had people calling into the office as a result of seeing us on Swelldweller. It could be just a coincidence but we are almost fully let for the next academic year!! Many thanks to all at Swelldweller, and we wish you every success for the future.
